This book is an introduction to Kannada alphabets which are Vowels (Swaragalu) and Consonants (Vyanjanagalu). The formation of each letter is given in a step by step process so that children can see and learn in stages. The English equivalent for each alphabet is given with examples of words to get the right pronunciation. The focus of this book is only on letter formation, letter recognition and pronunciation. The next book in the series will have 'Mathragalu' or consonant and vowel blends in it.
